

Local plan for Mungallala and District

This local community plan is a direction-setting document with objectives setting out “what” the district communities, businesses, government agencies and Council propose for Mungallala and District.

Action plans will set out “how” the objectives are to be achieved. They are separate documents. Action plans are prepared when people, organisations, businesses or governments are ready to provide leadership and allocates resources to a project.

The objectives in the local plan are to be read in conjunction with Maranoa region-wide objectives (refer to the Maranoa region-wide strategies for Business & Industry, Tourism, Arts & Culture, Sport & Recreation and community lifestyle in the *Maranoa Economic and Community Plan*).

Because the objectives in this local plan have community support, the objectives can be used by local organisations and businesses to support applications for grants and other funding.

Adopted on 26 July 2018 by Maranoa Regional Council on behalf of its regional and local communities.
Council Resolution No. GM/07.2018/01

Local plan for Mungallala and district

Mungallala is a small community on the Warrego Highway 44 kilometres west of Mitchell. Mungallala provides convenience services to the surrounding district and highway travellers. Residents of the district access most of their services from Roma, Charleville or Mitchell, including education and health. District sustainability rests on timber and agricultural industries, mainly livestock.

A feature of the district is the Ooline scrub, with picnic facilities located in a prime patch of Ooline on the Warrego Highway just east of Mungallala.

North of Mungallala is Chesterton National Park and west is Tregole National Park. Mungallala sits on a highway that channels tourists to the outback on the Charleville-Quilpie route or on the Barcaldine-Longreach-Winton route.

Town sustainability is based upon its sawmill and local convenience services, its capacity to encourage travellers to stop and its role as a social hub. The convenience services encompass food and beverage, hotel, accommodation and mechanical services.

Many of the broader aims for the Mungallala and district local community are set out in the Maranoa-wide objectives contained in the *Maranoa Economic and Community Plan*. This Mungallala and district local plan documents those local objectives which are specific to the Mungallala and district community. These local objectives provide the framework for local action plans.

NOTE:

References to the “Maranoa region” in this document refer to the Maranoa Regional Council Area as defined by the Queensland Government.
